

## How Do I Set the Price?

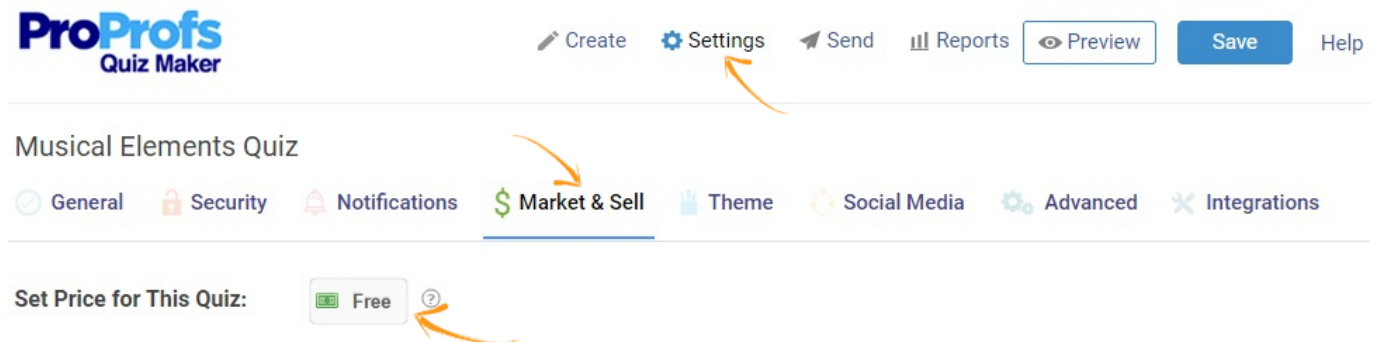

**ProProfs Store** allows you to sell quizzes and courses. You have the freedom of setting whatever price you want. You can set individual pricing for each of your listings.

**This article covers the following:**

- [Setting Price for Your Quiz](#)
- [Setting Price for Your Course](#)

### Setting Price for Your Quiz

**Step 1.** Select the **Market & Sell** tab under the **Settings** section of a quiz. Then, click **Free** (price is set to 'Free' by default) to reveal other pricing options.

**Step 2:** Set your desired **price**, access **duration**, and make your listing **public**. Click **Set Price** to save your settings.

Please note that some settings are standardized for quizzes on sale.

A screenshot of the 'Set Price For This Quiz' form. It has a light gray background. At the top, there's a radio button for 'Free'. Below it, there's a radio button selected for a price of '\$ 10.00' and a dropdown menu for 'U.S. Dollar' (with an orange arrow pointing to it). Below that, there's a label 'Days of Access:' followed by a dropdown menu showing 'No Limit'. At the bottom, there's a label 'Public Listing:' followed by two buttons: 'Yes' (which is highlighted in blue) and 'No', with a help icon to the right. At the very bottom, there's a blue button labeled 'Set Price' (with an orange arrow pointing to it).

### Setting Price for Your Course
