

## Can I Sell on My Website?

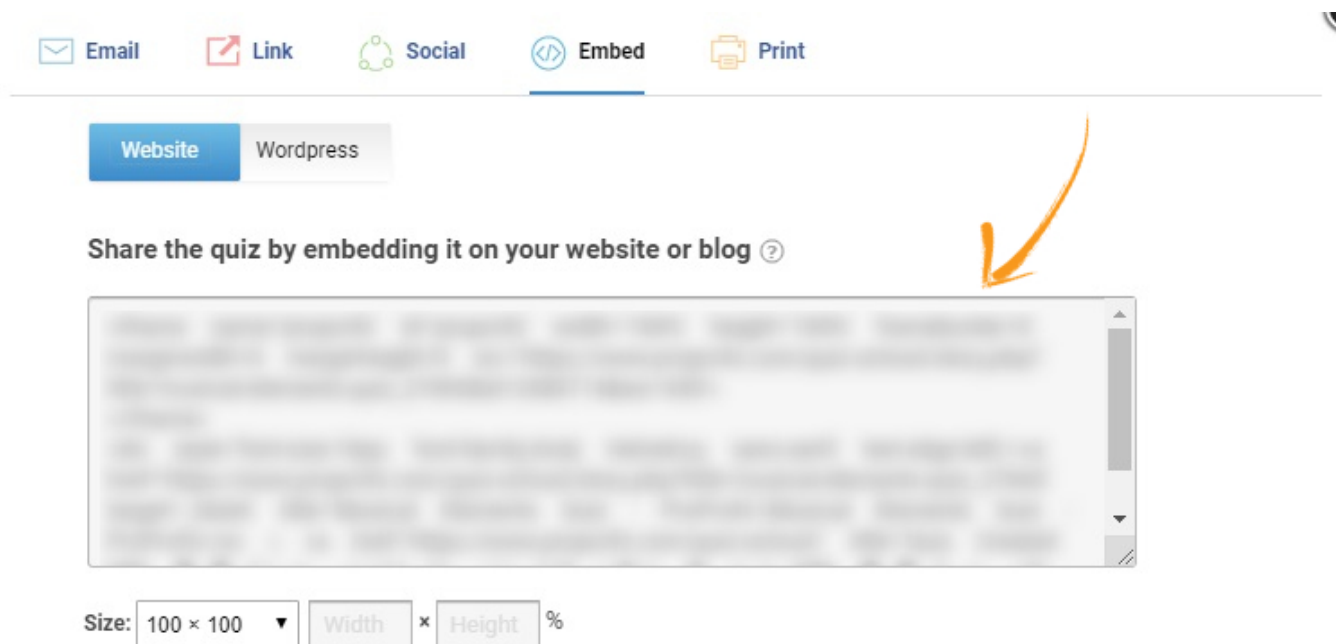

Yes. You can embed quizzes and courses and sell them on your website. No coding knowledge is needed - just copy and paste the code we provide to embed. You can further customize their look and feel to make them blend with your website content.

**Here's how you can embed Quizzes and Courses into your website:**

**Step 1.** On your ProProfs Quiz Maker dashboard, click the **share icon** under the **Send** column.

**Step 2.** Navigate to the **Embed** tab and copy the code provided in the box below.

**Step 3.** Add this code to your website at the desired location, and you're good!
